## ➤ Professional Summary

"Highly motivated and detail-oriented Frontend Developer with intermediate knowledge in Angular, HTML, CSS, JavaScript, TypeScript, SQL, Java, Bootstrap, and Tailwind CSS. Possessing beginner-level proficiency in C Programming, C++ Programming, Adobe Photoshop, and CorelDRAW. Completed 4 projects in the past, demonstrating a strong commitment to delivering high-quality work within deadlines. Passionate about leveraging technology to create seamless and intuitive user experiences."

## ➤ Educational Qualification

Qualification	Collage /University	Percentage	Year
B.E (Information Technology)	PGSM Engineering, Pune University	73.50%	2022
DIPLOMA (Computer Science),	AISSMS Polytechnic, MSBTE board	67.88%	2019
10 <sup>th</sup>	Nutans Madhyamik Vidyalaya, MSBSHSE SSC	77.80%	2015

## ➤ Technical Skills

Programming Languages:	C Programming++ Programming, Java
Web Technologies:	HTML, CSS, JavaScript, TypeScript, Bootstrap, Tailwind CSS, Angular 14.0,Ionic 6,node.js
Databases:	SQL
Design Tools:	Adobe Photoshop, CorelDRAW

## ➤ Work Experience

### Front End Development: - Scalar Techhub Pvt. Ltd., Pune (Apr 2023 -Present)

As an intern at Scalar Techhub, I developed and designed frontend for live projects using Angular, Ionic, Tailwind, Bootstrap, and TypeScript. Led new feature design, adapted to new technologies, and prioritized tasks to meet deadlines.

### Front End Development: - Extentia Information Technology, Pune (Jun 2018 -Jul 2018)

At Extentia, I helped the UI/UX team with frontend project development and live projects. I built web forms and documents, led time management projects, and learnt new technologies to improve project delivery.

## ➤ Projects

### Full-Stack Development: -

"Full-Stack Development of an E-commerce Shopping Website" (Apr 2023 - Present)

Build a full-stack e-commerce website with user authentication, shopping cart functionality, and payment gateway integration. Develop skills in HTML, CSS, JS, Django/Flask, and MySQL/MongoDB/PostgreSQL for front-end, back-end, and database management.

"Chatty" (Apr 2023 - Present)

Angular chat app design includes UI, real-time communication, authentication, messaging, and notifications. Angular has dynamic UI tools, Firebase enables data storage. Enhances front-end, back-end skills, and builds an efficient communication app.

### Machine Learning:

"Stock Prediction" (Sep 2022 - Nov 2022)

Stock prediction project involves ML model training, data pre-processing, visualization with Python libraries. A Flask & Bootstrap web app for user input of stock symbols to predict future prices. Ideal for developing ML & web dev skills.

"House Price Prediction" (Aug 2021 - Jun 2022)

House price prediction in Python involves ML model training with regression algorithms, visualization, and web app creation using Flask and Bootstrap. It's a great project for developing ML and web development skills.

### Front-End Development:

"Java-Based ATM Application with Backend Development" (Feb 2023 - Mar 2023)

Java can be used for ATM development with JavaFX/Swing front-end and JPA/Hibernate or Spring Boot back-end for database management. Use SHA-256 or MD5 for encryption, exception handling for UX. Develop skills and a useful tool for banking customers.

"Event Management System using Front-End Development" (Jun 2018 - Jul 2018)

Event management responds to user actions like clicks, scrolls, and input using listeners and handlers. React and Angular offer efficient tools for this. Mastery of event handling creates more engaging user interfaces.

### Other Projects:

"Harmony Hub" (Mar 2018 - May 2018)

A music website showcases artists, songs, albums, and concerts with playlist creation and artist promotion features. HTML, CSS, JavaScript, and APIs are used. Develop web skills and connect music lovers and artists with this project.

## ➤ Technical Publications

Graphic Designing Diploma: (DISHA COMPUTERS Institute)

Description: Completed a comprehensive Graphic Designing Diploma program at DISHA COMPUTERS Institute, where I gained in-depth knowledge and hands-on experience in various graphic design principles, tools, and techniques. Developed proficiency in Adobe Creative Suite, including Photoshop, Illustrator, and InDesign. Successfully completed projects involving logo design, branding, digital illustrations, and print media.

Full Stack Developer Diploma: (MINDSCRIPT TECH)

Description: Earned a Full Stack Developer Diploma from MINDSCRIPT TECH, specializing in front-end and back-end web development. Acquired a solid understanding of web technologies such as HTML, CSS, JavaScript, and frameworks like React and Node.js. Developed dynamic web applications and gained experience in database management and API integration. Worked on real-world projects to enhance problem-solving and coding skills.

## ➤ Certificates

Java Training (Spoken Tutorial Project at IIT Bombay)  
C Training (Spoken Tutorial Project at IIT Bombay)  
C++ Training (Spoken Tutorial Project at IIT Bombay)  
HTML (SOLOLERN)  
CSS (SOLOLERN)  
JS (SOLOLERN)

## ➤ Personal Details

Date Of Birth	22th March 1999
Hobbies	Gaming, Video Editing
Marriage Status	Single
Languages Known	English, Hindi and Marathi
